

PHARMACEUTICAL INTERNSHIP (F/M/D)

PHARMAZIEPRAKTIKUM* (Nov 25-April 2026 or later)

During an internship of about six months in the “Global Medical Center of Excellence” we offer you the possibility to get to know the daily work in the department of medical science. In a dedicated team of pharmacists, nutritionist and scientists, you will work on diverse tasks concerning Rx and Over-the-counter medicinal products and food supplements.

You will work in an international environment together with other departments like Regulatory Affairs, Marketing, Legal, Quality etc on product ideas, product offers, evaluation of marketing concept and new product developments. Furthermore, you will get to know the handling of scientific literature form different databases, you will prepare scientific analysis and presentations and work on compliance related topics as well as new product developments.

YOUR FUTURE EMPLOYER

From its foundation 185 years ago as a soap and candle start-up, P&G today is a leading consumer goods company. We are home to iconic, trusted brands that touch 5 billion consumers worldwide and make life a little bit easier in small but meaningful ways. We want you to bring your insight, creativity, and passion to join our dedicated teams who have helped us grow into a global company.

Our people are our greatest asset: with our philosophy of promotion from within, we place strong emphasis on employee development and are committed to finding and fostering world-class talent. Learn from our inspiring leaders, shape our supportive and welcoming culture, and place your personal development at the core of your work!
